What tees will I play from?

Players will play from a tee box decided by Gimme's Par and Grill for each course specifically, decided week to week. Males generally will play from a tee box that is the 2nd or 3rd longest tee box, depending on the course. Females generally will play from the most forward tee box on the course.

How are matches scored?

Gimme's will keep track of your team's scores via Trackman software. Depending on the format, it may be the best 2 out of 3 scores or, in a scramble/stableford/shamble format, your cumulative team score.

What happens if a player's handicap seems off?

- Gimme's Par and Grill reserves the right to disqualify any team from the Net leaderboard who is suspected of purposely padding their handicap to win the net championship.
- Players may be asked to play an additional handicap round if this is suspected.

What should I know about the simulators?

- All players are expected to use the simulator properly and adhere to the Gimme's Par & Grill rules and regulations.
- Any attempts to manipulate the simulator as determined by Gimme's Par & Grill in its sole discretion will be grounds for removal.
- Teeing up the ball is only permitted on the first shot of every hole. A one-stroke penalty will be assessed for any violations of this rule.

What should I know about the women's division?

- Same format and course as the other leagues but there will be a separate women's only gross leaderboard.
